Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner telephoned Dr. Jacobson to explain that the continuity data recited in the specification would have to be amended such that the relationship between the PCT application and the earlier filed U.S. patent application is specified. Dr. Jacobson informed the Examiner that the PCT application is a continuation-in-part of the earlier filed U.S. patent application and authorized an examiner's amendment by which the continuity data will be amended to specify this relationship..
